# Thank you to Virology Journal's peer reviewers in 2013

Linfa Wang<sup>1,2</sup>

The editors of *Virology Journal* would like to thank all our reviewers who have contributed to the journal in Volume 10 (2013). The success of any scientific journal depends on an effective and strict peer review process and *Virology Journal* could not operate without your contribution. We are grateful to the large number of reviewers (1026 to be exact!), who have done a great job in not only lifting the quality of the journal's scientific peer reviewing process, but also helped us to achieve our goal of a median time to first decision of just 35 days.

Our record time from submission to online, open access, publication in 2013 was 22 days for a Research Article [1] and 28 days for a Review [2]. This is a great achievement by any standard. We look forward to your continuous support of *Virology Journal* either as an invited reviewer or a contributing author in the years to come.
