Contributing reviewers

The editors of *Virology Journal* would like to thank all our reviewers who have contributed to the journal in Volume 11 (2014). The success of any scientific journal depends on an effective and strict peer review process and *Virology Journal* could not operate without your contribution. We are grateful to the large number of reviewers, who have done a great job in not only lifting the quality of the journal's scientific peer reviewing process, but also helped us to reach a median time to first decision of 39 days.

We look forward to your continuous support of *Virology Journal* either as an invited reviewer or a contributing author in the years to come.
